VIP members focus on these key areas to make an impact at your organization:

Capacity Building

Laying the groundwork for all of the elements that make a strong volunteer program such as developing trainings, creating tracking mechanisms, making volunteer handbooks, appreciation strategies and more. All agencies complete our Volunteer Capacity Assessment to help identify specific goals for each service term.

Fundraising/Partnership Building

AmeriCorps VIP members help solicit in kind and monetary donations in order to support your volunteers with essential supplies, fund volunteer appreciation efforts, and cover the ongoing costs of managing a robust volunteer program.

Volunteer Recruitment

AmeriCorps VIP members perform outreach efforts to help you bring in caring, committed and highly skilled volunteers to your organization. Whether you need a high volume of one time volunteers, or a hand full of skilled ongoing volunteers; members can attract, train and keep the people power you need.

Training/Professional Development

We provide our members ongoing training in volunteer management and professional development skills throughout their year of service. Through mentorship at your agency, members gain invaluable experience in the social sector.
